DETAILED ACTION

Response to Amendment

1. Applicant's Amendment filed on 8/25/2010 has been entered with no claims are amended, added or canceled. In this Office Action, claims 1-123, 158-159 are allowed.
2. Applicant filed on 8/25/2010 a new oath/declaration in response to the office action. The oath has been reviewed and entered.
3. Applicant's amendment of claims 71, 88, 105, 158-159 has overcome the rejection under 35 U.S.C. 251 for improper recapture of broadened claimed subject matter surrendered in the application for the patent upon which the present reissue is based. Therefore, the rejection is withdrawn.

Reasons for allowance

4. The following is an examiner's statement of reasons for allowance:
 - Prior art of record does not teach or suggest or render obvious the claimed limitations in combination with the specific limitations as recited in independent claims 1, 18, 35, 54, 71, 88, 105 and 158-159. The prior art of record fails to teach or suggest in combination of claimed elements including "applying the constraints to the objective function via the processor to determine a solution of

the objective function that satisfies the constraints and that minimizes the travel costs of the organization” and “applying the solution as the travel scheme for minimizing travel costs by purchasing travel trips in accordance with the solution”, as recited in independent claims 1, 18, 35, 54, 71, 88, 105 and 158-159.

- Applicant's argument filed on 9/2/2009 in Remarks section, page 26, paragraph four “Accordingly, to expedite prosecution, Applicant amends independent claims 71, 88, 105, 158 and 159 to add back the requested subject matter” is persuasive and valid.
